

Appendix 12 - Strategic Initiative Funding

Strategic initiative funding (SIF) is funding set aside for academic units from the participation fee after the allocation of subvention to further the University's priorities and mission. Additional FY2025 SIF decisions and distributions will be executed throughout the fiscal year via the Office of the Provost. Note that the FY2025 Budget includes a strategic outflow from the College of Hospitality, Retail & Sport Management, serving to increase funding available for Subvention and Strategic Initiatives.

Notes:

¹ In accordance with the budget model, each academic unit is allocated costs related to the administrative functions of the University. Allocations are made using cost driver metrics selected and reviewed by the budget model steering committee, Academic Deans, University administration, and members of the Board of Trustees. Underlying data for the metrics are sourced primarily from the Office of Institutional Research, Assessment and Analytics (OIRAA). The basis year for metrics is the most recently completed fiscal year at the time of budget development.

Appendix 15 - Legacy Model Adjustment

In accordance with the budget model, based on an assessment by Huron, an industry leader in budget model development, a recurring adjustment is required on a continuing basis to allow for model viability. The rationale for the split was for the college with the highest "natural" model margin ('Unit Margin After Support Unit Allocations') to provide funding to those units requiring the highest subvention levels due to pedagogy, accreditation and other requirements.

Appendix 16 - Subvention

The concept of subvention recognizes that not all colleges will have adequate resources to support their costs due to discipline-specific circumstances of pedagogy, accreditation requirements, space/equipment needs, etc. Recognizing the mission and strategic importance of offering a comprehensive array of academic programs and services, subvention provides a “rebalancing” among various colleges by shifting resources available from those able to make contributions to those requiring additional support. The source for subvention funding is the participation fee.

Appendix 18 - Strategic Excellence/Efficiency Pools

The Strategic Excellence/Efficiency pools are moved from the Central Services and Administration cost pool into individual cost pools within the Budget Model. This is done in effort to increase transparency and to maintain an allocation methodology consistent with the historical reallocations.

Operating Unit	Unit Description	Amount

UNIVERSITY OF SOUTH CAROLINA GLOSSARY OF BUDGET AND ACCOUNTING TERMS

I. FUND CLASSIFICATIONS

Current Funds – Economic resources both unrestricted and restricted available to support the general operations of the University in carrying out its primary mission of instruction, research, and public service. Current funds fall into two major categories – Unrestricted and Restricted.

Unrestricted Funds – Current fund resources received by an institution that have no limitations or stipulations placed on them by external agencies or donors, and that have not been set aside for loans, endowments, or plant. These resources are normally derived from state appropriations, student fees, institutional revenues, and auxiliary operations.

Restricted Funds – Current fund resources received by an institution that have limitations or stipulations placed on their use by external agencies or donors.
