APPENDIX 23

UNIVERSITY OF SOUTH CAROLINA OVERVIEW OF STATE BUDGET PROCESS

The state budget process involves communicating to the South Carolina Executive Budget Office (EBO), the Governor's Office and the S.C. State Legislature, the institution's plans and associated fiscal needs. In the Fall, in advance of the applicable fiscal year, information is gathered for the Agency Budget Plan. This document contains figures for both the existing budget, positions (FTEs) and any requests for additional funding and positions.

Using the budget requests received from state agencies, the Governor's Office prepares a state budget that is submitted to the state legislature. The legislature may act upon the budget presented by the Governor, modify it, or develop its own budget. Budget hearings are held by the Governor's Office and legislative committees (the House Ways and Means Committee and the Senate Finance Committee). As the budget moves through the process, it may be modified and revised based on updated revenue forecasts and other considerations.

The University Budget Director reviews the versions of the appropriations bill as it is updated during the legislative session each year. Changes impacting USC are noted and communicated as considered appropriate. Liaison is also maintained with the Government and Community Relations Office and others in state government to stay abreast of legislation applicable to state agencies and USC specifically.

Once the appropriation bill is passed by the S.C. Legislature, the amounts approved for each agency becomes its authorized level of spending for all fund sources, including federal and other (non-state) fund sources.

If, during the fiscal year, an agency projects expenses for federal and other funds in excess of estimates reflected in the detailed budget requests submitted to the state, an additional request to increase the authorized level of spending must be approved by the state before expending the additional funds. Therefore, it is very important for federal and other fund sources to be estimated as accurately as possible when preparing the detailed budget requests to the State.

The University generally knows its state appropriations in June for the fiscal year beginning July 1. The amount of the appropriation is maintained for the year, unless shortfalls between the state's revenue estimates and revenues collected, cause the EBO to impose budget cuts during the fiscal year.

Besides funding, another item that is authorized by the appropriation process is the number of Permanent FTE positions for each state agency. New permanent positions requested must be included in the budget request. This applies to all permanent positions, regardless of the funding sources.

According to the SC Appropriations Act (PART1B Section 117-X900 General Provisions 117.14) "the Executive Budget Office shall maintain and make, as necessary, periodic adjustments thereto, an official record of the total number of authorized full-time equivalent positions by agency for state and total funding sources." To accomplish this, each year in August, the total number of permanent positions authorized must be established and reconciled between USC and the State Office of Human Resources Management. USC Human Resources provides the information for the FTE reconciliation.

APPENDIX 24**UNIVERSITY OF SOUTH CAROLINA
DELEGATION OF AUTHORITY TO THE ADMINISTRATION OF THE UNIVERSITY
FISCAL YEAR 2024-2025**

In approving this budget, the Board of Trustees recognizes that the amounts shown as revenue are estimates and are subject to changes, and that the amounts shown for expenditures are a reflection of plans and workload estimates as of the time the proposed budget was prepared. The Board further recognizes that each day may bring new challenges and developments requiring adjustments in plans, programs, estimates and budget items. To provide for continuity and essential flexibility in operations, the Board of Trustees reaffirms for Fiscal Year 2024-2025 the delegation of necessary authority to the President to act in all matters, and to the Chief Financial Officer to act in fiscal, contractual and other business matters, including authority in the following areas:

- To negotiate and make timely changes in contracts;
- To approve transfer of revenue and expenditures of funds of the General Appropriation Act to be retained at the Institution;
- To adjust operating, permanent improvement and other income and expenditure items; and
- To take such other actions considered necessary in fiscal, contractual and other business matters in response to changing conditions and estimates.

The Chairman of the Board, the Finance & Infrastructure Committee, and the Executive Committee of the full Board are to be consulted for further specific directions and approval, as conditions appear to warrant.
