No. 6

S. C. UNIVERSITY 19
GA. MED. COLLEGE

Carolina Was in Rare Form
Played a Pretty Game.

ON-SIDE KICK A FEAT

Murdaugh Made a Ninety-Five Yard
For a Touchdown.

In Augusta on November 4 Carolina walloped the Georgia Medical College in their second gridiron battle with a score of 19 to 5. Last season the same team was defeated on the grounds by a small margin, and this year's game was a pleasant surprise to all.

The teams seemed quite evenly matched at the opening of the game, though Georgia was much heavier on the line. After a short time Carolina got the ball on a fumble and made a spectacular run of 95 yards for a touchdown. This put the Carolina men and Georgia "easy meat" from then on.

However, Georgia's back field let up in their playing, and by the time Carolina's persistent gains also scored a touchdown. J. A. Brown made a perfect pass to W. W. Brown for a 20 yard gain. The backs also made considerable gains around our ends. Carolina again scored a touchdown during the remainder of this half.

In the second half Carolina played a superb ball. The team was used almost exclusively in the back field. The team executed the game. The team's electric machine and the team's into every play. The team to Georgia's weakness when Izlar threatened safety.

Carolina tried a series of passes and on-side kicks which were executed beautifully. Georgia seemed less against these dashing plays which were the feature of the game. Carolina was in magnificent

FOUNDED 1908

Enrolled Students Decrease

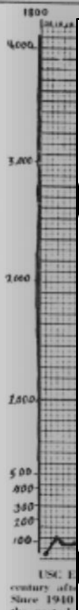

As of February 4, USC enrollment had reached 8,538 for the spring semester, 473 less than the comparable figure for the fall term—9,011.

This figure represents registration of on-campus students, those at the five USC centers, and special hospital schools of nursing affiliated with the University. There are also a number of non-credit students and auditors.

The Office of Admissions and Registration processed a total of 917 applications for the spring term. Of this number 476 were admitted—141 new freshmen, 167 transfers, and 366 re-admits.

The College of Arts and Sciences continues to have the largest enrollment with 2,413. The School of Business Administration has 1,555 students.

There are 436 people enrolled in evening school and 927 at the five off-campus centers. Also 186 nursing students are registered in the hospital schools of nursing at Sumter, Orangeburg, Anderson, Spartanburg, Columbia, and Charleston.

The Rundown

- UN week crystallized competing visions of global order and power-sharing
- Gaza war escalated alongside genocide allegations; diplomatic recognition of Palestine surged
- Ukraine front lines shifted only marginally despite high-level summitry
- Leadership churn in France and Japan; accountability ruling in Brazil reshaped politics
- Central banks diverged: Fed cut vs. ECB pause signal; tech/trade frictions persisted
- Record heat and wildfire markers underscored climate risk during policy stasis
- U.S. institutions stress-tested by prosecutions, shutdown brinkmanship, and court signals
- Southeast balanced storm prep (Imelda) with long-term recovery and investment
- South Carolina faced contentious policy fights, legal headlines, and public-health alerts
- Higher ed in SC posted major wins (rankings, centers, research) amid policy controversy

World News – Summary

- Gaza: ground invasion intensifies; UN alleges genocide
- Palestinian recognition total rises to 157 UN member states
- Ukraine: minor Russian gains in Donbas without breakthroughs
- France: Bayrou out; Lecornu in as PM after no-confidence vote
- Japan: PM Ishiba to resign after poor election showing
- Brazil: Bolsonaro sentenced to 27 years over election attempt
- Fed cuts 25 bps to 4.0–4.25% range; first since December
- ECB signals pause while inflation nears target
- China restricts Nvidia chip purchases to boost domestic semis
- Western North America sets September heat records under omega block

World News – Conflict & Diplomacy

- Gaza invasion expands urban warfare footprint
- UN genocide allegation raises legal stakes for officials
- Recognition cascade reframes end-state debates
- Ukraine talks (Aug 15) yielded no settlement path
- Donbas lines move tactically, not strategically
- NATO/euro capitals recalibrate support amid domestic politics
- Recognition split widens with new entrants
- India warns of trade frictions; talks resume
- UNGA amplifies competing legitimacy claims
- Diplomatic theaters substitute for battlefield resolution

World News – Political Shifts

- France installs Lecornu after Bayrou ousted
- Japan's Ishiba to step down amid party underperformance
- Brazil sentences Bolsonaro to 27 years
- Nepal unrest adds to regional fragility
- Recognition politics redefine alignments
- Domestic fragilities constrain foreign policy bandwidth
- Rule-of-law narratives vary sharply across regions
- Populist vs. technocratic governance tensions surface
- Leadership churn injects policy discontinuity risk
- Succession timelines and interim cabinets under watch

World News – Economy, Tech & Trade

- Fed's 25 bps cut pivots toward gradual easing
- Investors' lukewarm reaction underscores inflation risk
- ECB hints pause; inflation closer to target in Europe
- China curbs Nvidia chip buys to seed domestic champions
- India-U.S. resume trade talks; tariff disputes linger
- JUPITER exascale system goes live in Europe
- Macro divergence expected to add volatility
- Corporate capex tilts toward AI/semis, climate modeling
- Trade policy becomes tech policy in chip supply chains
- Q4 labor/inflation path critical for Fed cadence

World News – Climate & Environment

- Western North America heat records under omega block
- EU wildfire season among worst; late-season fire weather persists
- Public-health air-quality impacts widen in Southern Europe
- Extreme events stress emergency-management budgets
- Climate-compute upgrades to improve forecasting windows
- Infrastructure hardening becomes macro-stability variable
- Insurance/credit markets reprice coastal risk
- Heat anomalies increasingly present outside summer peaks
- Policy windows open after disaster anniversaries
- Adaptation spend now core fiscal line item

USA News – Summary

- Comey indicted Sept 25; charges tied to 2020 testimony
- Context: leadership changes at EDVA; critics allege retribution
- DOJ: “no one above the law”; Trump celebrates
- Shutdown risk peaks with Sept 30 funding cliff
- OMB directive contemplates permanent layoffs (RIF)
- Supreme Court takes case on removal protections
- ~300k civil service reductions announced; IG firings unlawful
- Fed cuts 25 bps; signals gradual easing path
- S&P 500 at records vs. weakening consumer sentiment
- Hurricanes threaten East Coast, testing emergency posture

USA News – Gov't Shutdown

- Funding expires Sept 30; lapse likely Oct 1
- Executive branch planning permanent workforce cuts
- Essential agencies shielded; others face shuttering
- Priorities linked to Project 2025 playbook aims
- Agencies issued contingency guidance; legal exposure assessed
- Macroeconomic hit risk flagged by analysts
- Workforce morale and retention concerns intensify
- State/university planning guidance activated
- Political incentives harden as deadline nears
- Outcome variables: CR scope, riders, enforcement priorities

USA News – Law, DOJ & Executive Power

- Comey case alleges false statements tied to Senate hearing
- Critics cite prosecutorial retribution; timeline scrutinized
- AG emphasizes accountability; White House rhetoric escalates
- Supreme Court to revisit Humphrey's Executor line
- IG firing ruling underscores rule-of-law tensions
- Executive memo targets antifa/philanthropic networks
- Civil service cuts reshape enforcement capacity
- Legal community split on precedent and risk
- Arraignment timeline set for early October
- Public trust implications loom for 2026 cycle

USA News – Economy & Markets

- Fed target: 4.0–4.25%; “data-dependent” messaging
- Additional easing possible later in 2025; gradual cadence
- Stocks at records despite seasonal weakness
- Consumer sentiment drops to 55.1
- Shutdown volatility a near-term overhang
- Labor market softening cited in policy rationale
- Inflation progress uneven; services sticky
- Rate cut spillovers to credit, housing TBD
- Tech investment and AI spend remain resilient
- Watch: Q4 payrolls vs. inflation path

Southeast News – Summary

- Imelda: offshore center but hazards days-long
- Florida issues watches; counties declare emergencies
- NHC rain outlook: 2–4" (locally 7") for SC/SE NC
- SC preemptive State of Emergency declared
- FEMA: \$12.7M to region; \$6.8M for SC projects
- I-95 widening and bridge modernization underway
- SE tech/health financing spree late September
- Helene anniversary: \$59.6B NC needs; new EPA funds
- Regional public universities notch ranking gains
- Preparedness messaging highlights flooding and surf hazards

Southeast News – Storm Threat

- Watches in Florida; emergency posture across states
- Track likely parallels coast; offshore but hazardous
- Rain bands target Carolinas; inland flooding risk
- SC emergency declaration unlocks rapid response
- Messaging on rip currents central to comms
- Coordination with counties and Guard assets
- Sheltering and surge zones flagged
- Ports and tourism briefed on surf/wind windows
- Recovery teams staged given saturated baselines
- Watches extend into mid-week for Carolinas

Southeast News – Recovery & Investment

- FEMA grants cover 75%+ eligible costs
- SC allocation: Guard debris + Hilton Head repair
- NC/MS/KY projects also funded
- I-95 widening starts; 2030 target completion
- Savannah River bridge modernization eases bottleneck
- Private capital to SE firms in health and gaming
- Helene: \$59.6B NC needs; EPA resilience funding
- Direct Relief supports healthcare continuity
- University rankings momentum builds talent pipelines
- Takeaway: immediate hazards + structural upgrades

SC News – Summary

- State of Emergency declared ahead of Imelda
- S.323 proposes near-total abortion ban
- Medical-care delays already reported under 6-week law
- RJ May to plead guilty; sentencing to follow
- SC Supreme Court upholds congressional map
- Third measles case; EEE fatality triggers alerts
- Workforce Development Month highlights fairs and skills programs
- FEMA grants aid Guard and Hilton Head recovery
- Women likely to gain seats via specials
- Agriculture and ports watch storm-driven disruptions

SC News – Storm Readiness

- Statewide emergency declaration mobilizes resources
- County EOCs align with Guard and DOT
- Coastal communities prep for surge and flooding
- Health alerts integrated into storm comms
- Anti-gouging laws activated
- Tourism messaging coordinated with warnings
- Schools update contingency plans
- Infrastructure crews staged on I-95
- Hospital surge plans updated
- After-action reviews scheduled

SC News – Policy & Politics

- S.323 hearing timeline and testimony themes
- Existing 6-week law context
- Map ruling preserves 6–1 congressional split
- Special elections to raise women's representation
- RJ May case details and penalties
- Workforce initiatives align with growth narrative
- Public-opinion divides around social policy
- Law-enforcement coordination noted
- Legislative calendar overlaps with storm response
- National media emphasizes “closely watched”

SC News – Health, Economy & Development

- Measles cases surpass prior 7-year totals
- First EEE death in decades sparks surveillance
- Q1 GDP growth leads nation; income growth 4th
- I-95 expansion and bridge work accelerate
- FEMA dollars cover Guard and coastal recovery
- Workforce Month aligns training with employers
- Labor Market Info sites centralize job/skills data
- Ports and logistics update storm prep plans
- Tourism/hospitality contingency plans in place
- State brand boosted by university achievements

Education News – Summary

- USC: #1 Intl Business (27th yr); #1 public first-year experience
- USC: Nursing BSN up to #22 nationally
- USC: CAN Center formalized; \$80M+ funding; 800+ trainees
- USC: Brain Health Clinic to open Mar 2026
- USC: Free ChatGPT access + AI governance principles
- Clemson: record class; broad representation
- Clemson: eliminates DEI commissions; pushback follows
- Clemson: IEP Awards finalist
- Clemson: softball wins first ACC title
- National: record classes but demographic cliff looms

Education News – USC

- Intl Business #1 for 27th year
- First-year experience #1 public for 7th straight
- Nursing BSN rises to #22
- CAN Center designated; \$80M+ external funds
- 550+ undergrads, 240 grads, 42 postdocs trained
- Brain Health Clinic (Mar 2026) with strongest MRI
- Clinic anchors larger SOM and neuro campus build-outs
- AI access and privacy standards adopted
- Board expands research infrastructure, adds system VP
- Research + student experience drive brand flywheel

Education News – Clemson

- Largest class: 5,100 freshmen; 1,800 transfers
- Record in-state applications; all counties represented
- 137 valedictorians, 93 salutatorians, 644 first-gen
- DEI commissions eliminated Sept 3; backlash noted
- IEP Awards finalist for economic impact
- First ACC softball title underscores athletics rise
- AACSB reaccreditation confirms business quality
- Research awards hit record \$282M
- Tuition freeze continues into 2025–26
- Alumni/leadership milestones complement academics

Education News – National Context

- USC: SEC ensures all matchups by 2029
- Clemson: ACC moves to 9 conf. games by 2027
- ACC media-rights disputes affect exit fees
- Enrollment diverges by field and modality
- Demographic cliff drives program reviews
- Tuition freezes and R&D offsets to aid affordability
- Federal loan repayment rules under review
- Rankings momentum boosts recruiting
- State workforce narrative tied to higher-ed brand
- Governance debates spill into academic operations
